## Land Partnership Development key achievements:

- Application for Physical Planning Permit APPROVED by the National Physical Planning Board-NPPB in November 2024. Permit Number PPN- 02-04-/2024 was issued,
- Three (3) more extra local Community Liaison officers (CLOs) were recruited to the team. These CLOs will cover the northern part of the project area from the Pawaia and Evara areas. A female CLO is among the 2x male CLOs recruited. This brings a total of 18x Community Liaison Officers based in their respective communities ensuring a more wider coverage and gender equality.
- A National Lands team comprising of a Compliance Officer, Valuer and Policy Officer completed an inspection of the Ihu Station site State Leases in April this year. Discussions are now ongoing with the National Dept. of Lands and Physical Planning Management to transfer all non compliant State Leases to the ISEZ Project. Some Leases have been identified and this is now commenced as work in progress.
- Signing of the Land Access Agreement to built the ISEZ Pioneer Camp was carried out Pig Island in May 2025.
- Epo Land was also secured as a laydown area in Kerema. The area was surveyed, valued and landowners have agreed and signed off to release the land to the Project.
- Kogun Consultancy Ltd was again redeployed to carry 8,000ha of clan land mapping for key ISEZ sites in June 2025. This was for the Port Facility, Petroleum Park and the Industrial Park. Land Mapping has been completed and a report has been submitted to ISEZ. The Dept. of Lands and Physical Planning will use the report and the maps for on site Land Investigations and ILG registrations.
- ISEZ also commenced the Environmental Impact Study program for the project. Works Consultancy Ltd, a private EIS consultancy firm has been engaged to carry out the study. Contract was signed on the 18<sup>th</sup> of November 2025. Inception Report has been completed and submitted already. An application for a Level 3 Permit is will be submitted once the studies are completed in February 2026.

## Key Milestones set for 2025.
